Ralph McCall School

2024/25 School Education Plan At-A-Glance

This Year We Worked On:

- Use of evidence-based classroom interventions and supports in literacy instruction.
- Use of engaging schoolwide activities to explicitly teach and reinforce Ralph McCall's PBIS Matrix.

You Can Help By:

- Engage in conversations with your child and their teacher about their progress and how you can support further growth.
- Look for opportunities to use literacy and numeracy skills at home, through books and games.

Next Year You Can Look Forward To:

- Continued focus on improving literacy and numeracy across all grades.
- Building future ready students through meaningful learning that explores various career pathways.

Information is based on our 2024/25 school education plan.
